LEVEL 3 · SHEET A

# Division

Name _____ Date _____

Long division with something left over. Write the remainder next to your answer, like 26 R1.

## Long division with remainders

What is left must be smaller than the divisor.

1 $9\overline{)857}$

2 $2\overline{)115}$

3 $5\overline{)439}$

4 $5\overline{)477}$

5 $2\overline{)133}$

6 $8\overline{)335}$

7 $5\overline{)492}$

8 $4\overline{)359}$

9 $5\overline{)57}$

10 $5\overline{)67}$

11 $2\overline{)67}$

12 $4\overline{)54}$
